Philipp Schmid

Philipp Schmid, P.Eng., received a Bachelor degree in Electrical Engineering with an emphasis on Computer Engineering from Dalhousie University, Halifax Nova Scotia, in 2001 and a Masters degree in Electrical Engineering from Dalhousie University in 2009. He joined Nautel Ltd in 2005 to develop embedded electronic systems for the deployment of digital radio such as the HD Radio exgine modulator and pre-correction and peak-to-average power reduction for IBOC signals. In 2019 Philipp assumed the role of Chief Technology Officer at Nautel and is continuing research in all-digital HD Multiplex broadcasting and other aspects of digital radio broadcasting.
